Hi Baby,

When you first left for California I was sad. I never expected to see you again. But after 3½ years of endless waiting, you came into my life and changed me. (for the better) ^{HA!} _{HA!} It seems like everything's goin' great. All our problems are behind us and nothing is goin' to get in our way. After Monday night I feel free to talk about anything with you. Secrets will cease to exist making it easier for our relationship to grow. ~~A~~ Monday I experienced a different feeling. I love you and will do anything to make you happy. It took me awhile to realize Tom was (is) a special friend. I'm sorry I was kinda rough on you at first but it was only because I wanted you all to myself. Now that you're mine all I have to do is keep you in line. (what a task!) May ~~and~~ the future be bright and filled with laughter.

Love,

Alex

Hi Sheri-

I'm really glad that we got
to get a chance to get to know
you! We should go to more
flat parties! You're really
nice and I hope you succeed
in any thing you try. Good luck
in the future and have a happy life.

I love you,
Reckless Outlaw

Hi, well the year
is almost over. (I hope)
I'm really going to miss
feeling you have thank you
for giving me courage in
Drama. I would have
never made it without
you. I hope everything
works out for the best.
I hope you have hap-
piness in your future.
Don't forget me, (any
I won't forget you ever)
Take care. Bye. Love
ya lots.

Love always
your friend

June 15, 1984 * I just wrote that.

'Oh Sheri! We finally made it, huh? Yeah! The class of 1984, the "classiest class" has made it to the threshold of what like is really like! It's really hard to believe!! I'm so glad that you + I were able to settle what happened (what happened?) without having to get into a rip roaring fight. You just have to swallow your pride sometimes, and when that involves a friendship like ours, it's worth it. I feel that if there is a definition to the word "nerd", you are it, Sheri! Although I've only known you for 1 semester, really, I feel like I've known you for the past 5 years! (Thank the lord that it's all behind us!) You're a really open person, always ready to listen, and always ready to be open, and that's a gift IF I could meet more people like you I'd round up a truly great set of friends. You're your own person Sheri, and that's so important, especially now that we're going out into the "big world"! I'm certain that you will never lose this quality!

French was definitely an "exciting" class, (ugh) as well as American Lit! I don't think I would have made it if it hadn't been for you and our second period crazys! Jalsara is certainly someone to remember, although I'd rather forget Anne more French film and I think I'll throw up! I feel like I've already been there! I think I'll just let Jaime go for me, he can tell me all about it when he gets back!!

Sheri, you'd better keep in touch or I'll "kill" you! O.K. You're going to have to come up to my college sometimes and visit. Then you can PARTY with me - college style! I'm truly excited about that!

The best of luck in all you do, Sheri! May God bless you with all the happiness and success you can handle!

Love ya,
Lawrence Martin

Love you.

Kathy Lee

Now that I think about it being a

the years. Watch out for all those guys.
